

Ecotone Herbs 2024 Plant Sale - order sheet

To order: Please print this document & fill out the 'Order Info' section below, and then the quantities ('Qty') of each plant variety and size you would like to order, and then the 'Total.' Scan or take a picture of the pages and send to lauren@ecotoneherbs.com. I will follow up to confirm with an invoice. I can accept cash, card, or check.

Notes: Plants are available in 2-5/8" pots (32s), 4-packs, & some larger sizes. If a number is listed in the 'Avail' column, then that plant is available in that size. Many plants fall into more than one category so there is some overlap. Plants are grown from non-gmo/organic seed in a certified organic potting mix.
